

DECLARATION OF ACCEPTANCE:

ZIMBABWEAN UNABRIDGED BIRTH / MARRIAGE CERTIFICATE

Please note that Zimbabwean Birth and Marriage Certificates are issued directly by the relevant Zimbabwean authorities. CertificatesRSA cannot be held responsible for any incorrect information, spelling errors, or omissions contained in the certificates issued.

If an error is made by the issuing authority during the preparation of the certificate, we can arrange for the document to be returned for amendment and re-issue. However, if the error originates from the original registration, the applicant will be required to attend the relevant Zimbabwean authority in person to have the record corrected, as we are unable to make these amendments on your behalf.

As Zimbabwean certificates are handwritten or manually typed rather than computer-generated, occasional errors may occur.

The **Birth Entry Number** is important. If this number is not available, additional searches may be required, which can result in delays.

Please advise us if the application relates to an **adoption**, as these applications generally require additional processing time.

Processing Time:

Approximately 2 - 4 weeks.

Fee:

R5 800.00 per certificate.

In the unlikely event that the relevant authority is unable to issue the requested certificate after all reasonable efforts have been made, CertificatesRSA will refund 50% of the application fee, with the remaining 50% retained to cover administrative costs incurred during the application process.

I, (full name and surname)_____

understand and accept the conditions mentioned above.

Signed at _____ on _____ of _____ 2026

Applicant to please sign in full acknowledging the above
